Re: Correction of an election error
Date: May 20, 2009

It has come to my attention that an inadvertent error was made in the NBEA Elections that must be corrected now.

In our Constitution, Article VI, it states,

“Only active members whose dues have been paid for at least 90 days prior to Feb. 15 may run for office.”

Jose Sanchez ran for the office of Executive Committee Member- at – Large. He has unfortunately been out of work due to illness for this year and has been out of sick days. As such, he has not received a salary and therefore, has not paid dues. Given these circumstances, he was unable to run for office.

I have contacted Jose and let him know of this mistake in the Election procedure. He fully understood. I then contacted the candidate who had received the next highest amount of votes, that being John Ploskon, and let him know that he would indeed be serving in this capacity on the Executive Committee for the upcoming term. Jose wishes him all the best as I am sure we all do.

John will be duly installed at the May Rep Council meeting. Congratulations, John!

Please post this notice and refer to the updated “Election Results” on the reverse side of this sheet.
